

Broadleaf Evergreens

Arctostaphylos uva-ursi Bearberry - Zone 3 - Full Sun-Part Shade - Northern Hemisphere

Bearberry is a wonderful, low growing evergreen groundcover native throughout much of North America. The foliage is lustrous dark green in summer and turns rich, reddish-bronze in fall and winter. In late summer and fall, plants are cloaked with an exceptional display of bright red, pea-sized fruit. Plants perform best in acidic sandy soils in full sun or partial shade. They also exhibit tremendous salt tolerance. - 1' Tall, 3' Wide

'**Massachusetts**' - A common and reliable selection of bearberry long grown for its resistance to leaf blemishes and low spreading framework. The rich green leaves are darker and a bit more refined than average seedlings and add attractive contrast to the pale pink blossoms. Selected from seedling raised plants collected along the coast of Massachusetts. - 1' Tall, 3' Wide - #1 \$29.99

Aucuba japonica Japanese Aucuba - Zone 6b - Part Shade-Shade - Japan

A fine broadleaf evergreen shrub known much more widely to southern gardeners where the species and its cultivars see much wider landscape cultivation. In recent years we've tried a few cultivars in the garden and have been surprised with the cold hardiness that many possess when grown in sheltered locations that are free from winter wind and prolonged exposure to drying sunlight. Plants develop a dense, oval framework of large, deep green leaves that provide year round interest. An abundance of small purple flowers provide an accent in spring followed by crops of red fruit in autumn on female plants when grown near male pollinators. Plants are easy to cultivate showing adaptability to a range of soil conditions. In our region, full shade and winter protection is required for success. - 6-10' Tall and Wide

'**Gold Dust**' - A striking and cold hardy female selection of Japanese aucuba best known for its deep green leaves that are set off with brilliant gold speckles and slower growth rate than the species. The show is quite unique and at times looks as if someone splatter painted the leaves in a dramatic fashion. - 5' Tall and Wide

#2 \$49.99 • #3 \$69.99 (July)

Buxus microphylla Littleleaf Boxwood - Zone 5 - Full Sun-Part Shade - Japan, Taiwan

A compact species of this valuable group of evergreen shrubs. Plants are native to Japan where they can obtain heights of 10-12' in the wild. Under cultivation or with management, plants stay much more compact. As with all boxwood, plants are extremely durable and tolerant to pruning which makes them a leading candidate for hedging and foundation plantings. They offer high resistance to deer browse and will grow in both full sun and shadier locales. - 10-12' Tall and Wide

'**Curly Locks**' - A unique littleleaf boxwood that offers curious coiled and curled stems that snake in all directions. Plants assume a mounded framework and add a bit of unexpected flair to this valuable but rather lackluster group. - 3-4' Tall and Wide - #2 \$49.99 • #3 \$69.99 • #5 \$99.99 (July)

Buxus sempervirens Common Boxwood - Zone 5 - Full Sun-Part Shade - Southern Europe, Northern Africa, Western Asia

An excellent, deer resistant, evergreen landscape plant used extensively in Europe and some parts of the United States. The slow growing plants respond well to pruning and are excellent for hedging or as an accent plant in both formal and informal plantings. - 10-12' Tall and Wide

'**Aurea Pendula**' - Yup, you guessed it, a gold variegated weeping boxwood! Somewhat difficult to imagine yet we've enjoyed the plant in our gardens for a few years now. The vigorous specimens develop upright branches that arch over in irregular angles at the terminus. Both the leaves and stems are generously streaked and splashed with bright gold variegation. Untrimmed plants develop a unique style and grace and can easily reach 6-8' in size with age. Excellent for evergreen accent and for spicing up the garden with a bit of fun. - 6-8' Tall and Wide

#2 \$49.99 • #3 \$69.99 (July)

'**Borderline**' - Not your average boxwood! The deep green leaves gilded in gold impart an air of luxury. The plants are well behaved, even without trimming, though like most boxwoods they take exceptionally well to pruning. - 3-4' Tall and Wide - **Assorted Specimens Individually Priced**

'**Dee Runk**' - Reportedly resistant to both boxwood blight and boxwood leaf miner, this cultivar has a natural, narrow Christmas tree shape even without regular pruning. At only 2-3' wide at maturity, 'Dee Runk' is a low maintenance, glossy evergreen accent for even the tightest spaces. - 8-10' Tall, 2-3' Wide - #3 \$69.99 • #5 \$99.99 (July)

'**Elegantissima**' - A slow growing selection with cream-white variegated foliage. Appears to have good hardiness as our landscape specimen has withstood temperatures below zero with little if any leaf discoloration. - 5-6' Tall and Wide - #1 \$29.99 • #2 \$49.99

'**Unraveled**' - Why not try a weeping boxwood in the garden? We love plants that seem to break the mold and open up new possibilities. The arching framework of 'Unraveled' seems to do just that. Familiar deep green leaves grace the stems yet the plants refuse to take on the classic rounded structure. We're enjoying it as an accent in the rock

garden where the meandering stems provide interest amongst the rocks and needled evergreens. - 2' Tall, 5' Wide - #2 \$49.99 • #3 \$69.99 • #5 \$99.99 (July) • Assorted Specimens Individually Priced

Buxus sinica var. insularis Korean Boxwood - Zone 5 - Full Sun-Part Shade - Korea

A broad-rounded boxwood with fresh green, rosemary-like foliage packed along dense, shrubby stems. As cool weather sets in, the leaves take on faint plum and bronze hues. Overall an especially versatile and handsome form of boxwood. - 10-12' Tall and Wide

'Tide Hill' - A charming, dwarf, spreading boxwood that grows to only 1' in height but spreads 4' wide over a 20 year period. Makes a choice, tight hedge and is noted for holding its winter color as well as any other form. - 1' Tall, 4' Wide - #2 \$49.99 • #3 \$69.99 (July)

Buxus x 'Green Mountain' Green Mountain Boxwood - Zone 5 - Full Sun-Part Shade - Garden Hybrid

A popular Buxus microphylla var. koreana x B. sempervirens hybrid that develops an upright pyramidal habit. Foliage is dark green and holds its coloration well in cold weather. - 5' Tall, 3' Wide

#2 \$49.99 • #3 \$69.99 • #5 \$99.99 (July) • Assorted Specimens Individually Priced

Buxus x 'Green Velvet' Green Velvet Boxwood - Zone 5 - Full Sun-Part Shade - Garden Hybrid

A hybrid that offers a shapely, low-mounding habit and fine-textured leaves that maintain their dark green color throughout the winter. - 4' Tall and Wide - #2 \$49.99 • #3 \$69.99 • #5 \$99.99 (July) • Assorted Specimens Individually Priced

Buxus x 'SB 108' Independence® - PP 28888 - Independence® Boxwood - Zone 5 - Full Sun-Part Shade - Garden Hybrid

An excellent and long awaited boxwood most noted for its strong resistance to boxwood blight. The neatly rounded plants also seem quite reluctant to accept impact from boxwood leaf miner. We expect this new introduction to have quite an impact on the boxwood world. - 4' Tall and Wide - #2 \$44.99 • #3 \$69.99 (July)

Camellia japonica Japanese Camellia - Zone 6b - Part Shade-Shade - Japan

A long cultivated shrub species famed for its amazing late winter floral display. These significant evergreen plants have a storied religious and cultural relevance in their native Japan, Korea and China and are closely allied to the plant that tea is derived from (Camellia sinensis). In the garden plants showcase glossy, deep green leaves and tremendous floral variation. A goal of recent breeding work has focused on improved cold hardiness and the utilization of northern germplasm in Korea has led to dramatic improvements in recent years. In our region this cold hardy pedigree shows excellent potential with best performance occurring in shaded, wind free locations in rich, well drained soils. 8-12' high and wide. - 8-10' Tall and Wide

'Korean Fire' - 'Korean Fire' is a superb, cold hardy camellia introduced to horticulture by plantsman extraordinaire Barry Yinger from an extremely northern Korean seed source. If you're looking to push the limits and try a selection in your Connecticut garden this may be the very best option. Plants flower in April and May, displaying an abundance of 2", rich-red single blossoms set off by a central boss of yellow stamens. The upright plants are fully evergreen with narrow, deep green leaves. - 8-10' Tall and Wide - #2 \$59.99 • #3 \$79.99 (July)

Camellia x 'April Dawn' April Dawn Hybrid Camellia - Zone 6b - Part Shade-Shade - Garden Hybrid

One of the recently introduced, super cold hardy camellias that are starting to appear on the market. 'April Dawn' is a mid to late spring bloomer showing off elegant double blossoms with a white base color and irregular pink and rose streaks throughout. The strong growing, upright plants are evergreen with classic camellia leaves. - 8-10' Tall and Wide - #5 \$99.99 • #7 \$129.99 (July)

Camellia x 'April Remembered' April Remembered Hybrid Camellia - Zone 6b - Part Shade-Shade - Garden Hybrid

A strong growing and superbly cold hardy camellia known for its quality show of soft pink, semi-double blossoms in late winter and early spring. The pastel petals are embossed with a central cluster of yellow stamens and are backed with deep green foliage. - 8-10' Tall and Wide

#5 \$99.99 • #7 \$129.99 (July) • Assorted Specimens Individually Priced

Camellia x 'April Tryst' April Tryst Hybrid Camellia - Zone 6b - Part Shade-Shade - Garden Hybrid

Bright red, carnation-like flowers bursting with frilled interior petals erupt over glossy, dark green leaves in early spring. Distinctive, rich, and unrivaled for color among the typical pinks and whites of the earliest cold hardy spring camellias! - 8-10' Tall and Wide - #3 \$79.99 • #5 \$99.99 (July)

Camellia x 'Arctic Rose' Arctic Rose Hybrid Camellia - Zone 6b - Part Shade-Shade - Garden Hybrid

The merge of late winter into early spring in New England may not necessarily be "arctic" but certainly leaves us longing for color! After months of dark and cold, the beautifully pink saturated, rose-shaped flowers of 'Arctic Rose' camellia are a welcome assurance of the much needed feel of the warmer weather coming up from the south. - 8-10' Tall and Wide - #2 \$49.99 • #3 \$79.99 (July)

NEW Camellia x 'Snow Flurry' Snow Flurry Hybrid Camellia - Zone 6b - Part Shade-Shade - Garden Hybrid
In late autumn, as much of New England's landscape settles into vivid shades of orange and red, 'Snow Flurry' defies the season by bursting into bloom with dozens of flounced, multi-petaled creamy white flowers. Bred for exceptional cold hardiness, with proper siting its glossy green foliage endures our winters beautifully, then serves as a lush, verdant backdrop for warm-season blooms throughout spring and summer. - 8-10' Tall and Wide
#3 \$79.99 • #5 \$99.99 (July)

Camellia x 'Winter Joy' Winter Joy Hybrid Camellia - Zone 6b - Part Shade-Shade - Garden Hybrid
A very cold tolerant Ackerman hybrid camellia which has impressed many with its rich pink, semi-double flowers that emerge in mid autumn. Flowers are set against thick, deep green, leathery leaves on an upright, densely branched framework. - 8-10' Tall and Wide - #2 \$49.99 • #3 \$79.99 (July) • Assorted Specimens Individually Priced

Camellia x 'Winter Snowman' Winter Snowman Hybrid Camellia - Zone 6b - Part Shade-Shade - Garden Hybrid
Another super cold hardy camellia worth playing around with in the warmer parts of CT and further south. 'Winter Snowman' is an autumn blooming selection showing off pink-blushed buds that open to near-white flowers. Each elegant flower is 2-3" in diameter with flat outer petals and a cluster of reduced inner petals known as an anemone flower structure. Glossy deep green leaves provide added appeal throughout the gardening year. - 8-10' Tall and Wide - #5 \$99.99 • #7 \$129.99 (July)

Daphne x burkwoodii Burkwood Daphne - Zone 4 - Full Sun - Garden Hybrid
A popular and exceptional hybrid that blends *Daphne cneorum* and *D. caucasica* in the parentage. Plants are most appreciated for their highly perfumed flowers coupled with good general garden performance. For those new to daphne this is one of the more forgiving options in cultivation. The hybrid earns its namesake from nurserymen Albert and Arthur Burkwood who established a highly regarded nursery and plant breeding operation in England during the early 1900's. - 3-4' Tall, 5-6' Wide

NEW 'Hana' - A compact, semi-evergreen shrub distinguished by its bold, creamy yellow-edged foliage, which is notably more colorful than the classic selection 'Carol Mackie.' Richly fragrant, soft pink flowers appear in mid to late spring, adding strong seasonal appeal. This rare and elusive selection was named by the late horticulturist Allen Haskell in honor of his granddaughter, Hana. - 3-4' Tall, 5-6' Wide - Assorted Specimens Individually Priced

Daphne x susannea Rock Daphne - Zone 6 - Full Sun - Garden Hybrid
A spontaneous cross between *Daphne arbuscula* and *D. collina* that first appeared in the garden of Lawrence Crocker, then owner of Siskiyou Rare Plant Nursery. Plants take on a neatly rounded habit with small evergreen leaves and purple-ish pink flowers in early spring. Sporadic rebloom through the summer is not uncommon and a welcome seasonal occurrence when it blesses the garden. Like most daphne, the best growth is in full sun in poor to average soil with excellent drainage. Cold hardiness is typically listed as zone 6 though zone 5 with proper culture is certainly within reach. - 1' Tall and 3' Wide

'Lawrence Crocker' - A choice, low growing daphne boasting amazingly fragrant, lavender-purple flowers in May and June. A tidy mounded habit and rich-green narrow leaves complete the package. The evergreen plants are excellent for use in the rock garden or dry, sun-drenched border. - 1' Tall and 3' Wide - #2 \$59.99

Daphne x transatlantica Caucasian Daphne - Zone 6 - Full Sun - Garden Hybrid
A fun semi-evergreen member of the daphne family, born from blended pedigree of the deciduous *Daphne caucasica* and evergreen *Daphne collina*. Incredibly fragrant pink and white flowers cover a low mounding habit in early spring and keep emerging sporadically in waves through the summer and fall. - 3-4' Tall and Wide

'Blafra' - A fine, semi-evergreen daphne best known for its intoxicatingly fragrant pale pink blossoms that develop in great abundance for what seems like an eternity. The show hits a high point in spring yet continues to a lesser degree through summer and fall. The deep green leaves are attractive as is the 3-4' rounded form. As with most daphne, full sun and well-drained soils are critical for success. - 3-4' Tall and Wide - #1 \$39.99 • #2 \$59.99 • #3 \$79.99 (July)

'Summer Ice' - A handsome medium-sized shrub with white-edged, blue-green foliage that remains effective into January in our climate. The small, intoxicatingly fragrant white flower clusters are present in abundance in May and June and occur sporadically throughout the remainder of the growing season. Plants require well-drained soils in full sun or high canopy shade. - 3-4' Tall and Wide - #2 \$59.99 • #3 \$79.99

Daphniphyllum macropodum Redneck Rhody - Zone 6b - Part Shade-Shade - China, Japan, Korea
A sizeable evergreen shrub boasting impressive deep green leaves that earns its common name from its striking similarity to some of the large-leaved rhododendrons. In the garden, plants have an oval framework with leaves that are grouped in whorls on the stems. They add a wonderful textural quality and tropical feel to the garden. Young stems and leaf stalks are cleverly brushed with burgundy-red and female plants produce sizeable crops of waxy-blue fruit when grown in close proximity to a male pollinator. Though marginally cold hardy in CT, several

of our customers have had long-term success growing the species when sited in a shaded, sheltered location that is free from desiccating winter sun and wind exposure. Rich soils with good drainage appear to be important for success as is a pH that is slightly acidic. As an added bonus, plants are reported to be deer resistant and are worthy considerations for screening in shaded locations. - 12' Tall, 8' Wide - #3 \$59.99 • #5 \$79.99 (July)

Gaultheria procumbens Wintergreen - Zone 3 - Part Shade-Shade - Eastern North America

A tough, mat-forming, evergreen groundcover native throughout the eastern US. Thick, leathery, dark green leaves mingle with delicate pink-blushed, urn-shaped flowers in spring and rounded, scarlet berries in autumn. The fruit is edible offering the classic wintergreen taste. Best performance occurs in woodland settings in acidic soils that are rich in humus but freely draining. - Groundcover

'**Gaulbri1**' - 30791 - Tremendously unique variegated leaves provide a minty cool splash throughout the growing season. In autumn and winter the evergreen leaves transition to festive pink tones which pair brilliantly with the typical bright red fruit of the species. One of those exciting new plants that delivers a real stop and stare moment. - Groundcover - #1 \$29.99

Ilex crenata Japanese Holly - Zone 5 - Full Sun-Part Shade - China, Japan, Korea, Philippines, Taiwan

A highly functional, rounded evergreen shrub used frequently by landscape professionals. Plants are easy going, performing best in well-drained soils in full sun or part shade. Makes an excellent companion plant or backdrop for showier specimens. - 5-10' Tall and Wide

'**Beehive**' - A useful, rounded evergreen shrub forming a dense, compact, mounding plant with tiny, glossy green leaves. Plants were selected from more than 20,000 seedlings and demonstrate outstanding mite resistance and durability. Selected by Dr. Elwin Orton of Rutgers University. The name was coined from the original plant's resemblance to an old-fashioned conical beehive. - 4-5' Tall and Wide - #1 \$29.99 • #2 \$39.99 • #3 \$59.99

'**Dwarf Pagoda**' - A choice, oddball holly for the plant geeks of the world. Introduced by Dr. Elwin Orton of Rutgers University, 'Dwarf Pagoda' is an incredibly slow growing holly with the coolest tiny green leaves and congested growth. Plants muster up to an inch of growth a year forming a first class natural bonsai in time. Certainly a choice treasure for the rock garden or tiny garden nook. - 2-3' Tall

#1 \$39.99 • #2 \$59.99 • #3 \$89.99 • Assorted Specimens Individually Priced

'**Golden Helleri**' - A gold leaf sport of 'Helleri' that develops into a petite, mounded plant, possibly 2' tall and slightly wider in many years. - 1' Tall, 2-3' Wide - #2 \$39.99 • #3 \$59.99 (July)

'**Kufujin**' - A fine variegated Japanese holly forming an upright, arching shrub that eventually spreads broader than tall. The colorful plants tout boldly colored leaves that welcome spring with bright yellow overtones before transitioning to green and cream shades with pale yellow margins by summer. An excellent addition to the diversity of cultivars that comprise this well-known species. - 2' Tall, 3-4' Wide - #3 \$59.99 • #5 \$79.99 (July)

'**Sky Pencil**' - A unique, fastigate selection discovered on Mount Daisen in the wilds of Honshu, Japan. An excellent choice where a vertical accent is needed. May be slightly less cold hardy than the species. - 10' Tall, 2' Wide #2 \$39.99 (July) • #3 \$59.99 • #5 \$79.99 (July) • #6 \$89.99 • #7 \$99.99 (July)

'**White Lights**' - A 2020 Broken Arrow Nursery introduction discovered as a chance branch sport in a private garden in Rhode Island. The aptly named 'White Lights' turns on the color with rich-green foliage that is prominently marked with irregular streaks and swirls of white and cream variegation. The foliage pattern changes in quantity and pattern from leaf to leaf though the overall impact is quite impressive. In autumn, added appeal is brought on by deep, purple-black fruit, each whisked with pale accents that stand in stark contrast with the leaves. Plants are strong growing and resistant to scorch in sundrenched exposure. - 5-6' Tall and Wide

#2 \$39.99 (July) • #3 \$59.99 • #5 \$79.99 (July) • Assorted Specimens Individually Priced

Ilex glabra Inkberry Holly - Zone 4 - Full Sun-Part Shade - Eastern North America

A rounded evergreen shrub frequently encountered in acidic wetlands throughout eastern North America. Leaves are lustrous dark green and retain their color well in the winter. Plants are amazingly adaptable and are suited for numerous landscape applications. - 6-8' Tall

'**Goldmine**' - Watch out inkberry fans, a new clone is in town. After a few years of building up stock we're finally able to offer a few of this most unique cultivar. Plants showcase showy gold-edged leaves that remain attractive throughout the growing season and winter months. Quite a bit different than the straight species yet as adaptable and versatile. Discovered as a sport on the classic cultivar 'Shamrock' by Maryland's Gabe Cesarini. - 4-5' Tall and Wide - #2 \$49.99 • #3 \$79.99 (July)

'**Shamrock**' - A compact, rounded form with lustrous dark green leaves and good leaf spot resistance. Makes a handsome foundation plant or evergreen hedge. - 6' Tall and Wide

#2 \$39.99 • #3 \$59.99 • #5 \$79.99 (July) • Assorted Specimens Individually Priced

Ilex opaca American Holly - Zone 5 - Full Sun-Shade - Eastern and Central North America

An attractive, slow growing evergreen tree reaching 30' at maturity. Native to shaded woodlands throughout much

of the eastern United States. Many female selections offer a wonderful fruit display when grown in close proximity to a male pollinator. - 20-30' Tall, 10' Wide

'Canary' - A chance American holly seedling that was discovered in the Great Smoky Mountains in the 1940's. The classically formed and well proportioned plants offer up cheerful yellow berries and somewhat fewer leaf spines than other yellow fruited cultivars. - 20-30' Tall, 10' Wide - #2 \$49.99 • #3 \$69.99 • #5 \$99.99 (July)

NEW 'Carnival' - An exceptionally cold tolerant female American holly sure to impress with abundant orange-red fruit. Plants are capable of adding 8-12" of growth annually and should be expected to mature in a classic conical to pyramidal framework. The initial plant was selected from a wild population in West Virginia. - 20-30' Tall, 10' Wide - #2 \$59.99 • #3 \$89.99 (July)

'Clarendon Spreading' - A fun female American holly that opens up garden opportunity with its atypical shrubby form that stands in contrast to the tree-like framework often associated with the species. 'Clarendon Spreading' should be expected to mature into a neat, spreading mound about twice as wide as tall. - 3' Tall, 8' Wide #2 \$49.99 • #3 \$69.99 (July)

'Jersey Knight' - A male form of American holly offering lustrous green leaves on an upright pyramidal tree. - 20-30' Tall, 10' Wide - #2 \$49.99 (July) • #3 \$69.99 • #5 \$99.99 (July)

NEW 'Lacquerberry' - A distinguished American holly cultivar known for its glossy, rich green foliage that provides year-round structure and elegance. In winter, it stands out with abundant, bright red berries that create a striking contrast against the evergreen leaves. Its dense, pyramidal growth habit makes it an excellent choice for screening, specimen plantings, or adding vertical interest to the landscape. Tough and adaptable, it thrives in full sun to partial shade and tolerates a wide range of soils once established. With its vibrant winter display and classic holly form, 'Lacquerberry' brings lasting beauty and seasonal charm to gardens and designed landscapes. - 20-30' Tall, 10' Wide - #2 \$49.99 • #3 \$69.99 (July)

'Longwood Gardens' - A female form of American holly introduced by the famed Longwood Gardens. This long cultivated yellow fruited selection was a favorite of Longwood's founder Pierre S. du Pont. Plants are strong growing with glossy leaves and good branching symmetry. - 20-30' Tall, 10' Wide - #2 \$49.99 • #3 \$69.99 • #5 \$99.99 (July)

'Maryland Dwarf' - This unjustifiably rare form of holly is a standout in all the best ways. A tree that acts like a groundcover, this oldie-but-goodie offers dark-green, evergreen foliage accented with red fruit in autumn. Particularly good for those with heavy deer pressure, use cascading down a slope or anywhere you want people to stop and ask "what's that?" - 3' Tall, 10' Wide - #2 \$49.99 • #3 \$69.99 (July)

'Satyr Hill' - A tremendous female cultivar of American holly sporting exceptional high-gloss greenery and prolific scarlet-red berries. The strong growing plants are well branched and show excellent fruit retention, often holding berries into early spring. The American Holly Society is well aware of this standout and recognized it as the 2003 Gene Eisenbeiss Holly of the Year! - 20-30' Tall, 10' Wide

#2 \$49.99 • #3 \$69.99 (July) • #7 \$149.99 • Assorted Specimens Individually Priced

'Winter Sun' - A fun and distinctive addition to the pantheon of American holly cultivars! Yellow fruit eventually deepens to tangerine-peach tones over the winter, all the better to stand out against the glossy, dark green leaves. - 20-30' Tall, 10' Wide - #2 \$59.99 • #3 \$89.99 (July)

Ilex pedunculosa Longstalk Holly - Zone 5 - Full Sun-Part Shade - China, Japan, Taiwan

A unique, underutilized species of holly that develops into an attractive, 15-20' evergreen tree. Female plants bear colorful, bright red, berry-like fruit on 1-2" pedicels. The evergreen foliage is lustrous dark green and quite unholly like, resembling mountain laurel or benjamin fig. Plants are tolerant of both sunny and shaded exposures yet display the best flower and fruit development with increased exposure to light. Both male and female plants are required for fruit production. - 10-20' Tall, 10-15' Wide

'Frosty Morn' - A cool longstalk holly that we've been playing around with for a number of years. Foliage is daringly streaked and splashed with creamy-white variegation that looks especially attractive in autumn when set off against cherry-like red fruit. Plants are strong growing and a welcome addition to the diversity of evergreen hollies that behave admirably in the Northeast. - 8-12' Tall (Guess)

#2 \$59.99 (July) • #3 \$89.99 • #5 \$109.99 (July) • Assorted Specimens Individually Priced

'Mountain Mist' - A prized longstalk holly that we acquired more than a decade ago from plant expert and collector Barry Yinger. The moderate growing plants boast evergreen leaves with intricate and irregular sprinkles of creamy white variegation that give the plant a marbled look from a distance. We've worked for years to build up inventory of this fine selection and are happy to finally have enough to share. - 8-12' Tall (Guess)

#2 \$59.99 • #3 \$89.99 • #5 \$109.99 (July) • Assorted Specimens Individually Priced

Ilex x 'Meschick' Meschick Hybrid Holly - Zone 5 - Full Sun-Part Shade - Garden Hybrid

An upright conical holly with exquisite lustrous dark green leaves that complement the abundant crops of large red berries. The handsome plants are vigorous and develop a formal 15' tall x 6' wide form if left to their own devices. That said, plants are amenable to pruning and can be sculpted into beautiful hedges or maintained in foundation plantings. - 12-15' Tall, 6' Wide - #2 \$49.99 • #3 \$69.99 (July) • #5 \$99.99 (July) • Assorted Specimens Individually Priced

Ilex x meserveae Meserve Hybrid Holly - Zone 5 - Full Sun-Part Shade - Garden Hybrid

An indispensable group of hybrid hollies resulting from crosses made between *Ilex rugosa* and *I. aquifolium*. Plants display lustrous, bluish-cast, evergreen foliage along sturdy stems. All respond nicely to pruning and can easily be maintained in many shapes and sizes. Both male and female plants are required for fruit production. - 10-15' Tall and Wide

'**Blue Prince**' - A classic and widely planted male selection boasting leathery, dark green leaves and a broad, dense habit. Durable, easy to grow and excellent for year-long interest. - 8-10' Tall - #2 \$39.99 • #3 \$59.99 • #5 \$79.99 (July)

'**Blue Princess**' - The benchmark against which all other female selections are measured. Plants offer excellent blue-green foliage and brilliant, dark red fruit. Always popular and reliable. - 8-10' Tall - #2 \$39.99 • #3 \$59.99 • #5 \$79.99 (July)

'**Gilded Daybreak**' - A vibrant 2018 Broken Arrow Nursery introduction that was selected from a chance branch mutation discovered on a plant of *Ilex x meserveae* 'Honey Jo'. The boldly colored evergreen foliage is rich golden-yellow and screams for attention in the garden. In autumn, the color is especially vivid when set off by crops of scarlet-orange fruit. Plants develop a dense framework, adding about 3-5" of growth annually. Best performance will occur in a site with average garden soil and a touch of afternoon shade. - 5' Tall, 6' Wide -

#2 \$49.99 (July) • #3 \$69.99 • #5 \$99.99 (July) • Assorted Specimens Individually Priced

'**Honey Jo**' - An exciting gold variegated cultivar of blue holly that makes a striking, evergreen accent plant! - 6-8' Tall and Wide - Assorted Specimens Individually Priced

'**Honey Maid**' - A striking female variegated cultivar with blue-gray leaves splashed with cream and yellow highlights. The foliage is especially attractive in fall and winter when set off by crops of bright red fruit. An attractive and versatile addition to this highly regarded group of plants. - 6-8' Tall and Wide -

#2 \$49.99 • #3 \$69.99 • #5 \$99.99 (July) • Assorted Specimens Individually Priced

Ilex x 'Rock Garden' Rock Garden Dwarf Holly - Zone 6 - Full Sun-Part Shade - Garden Hybrid

A cute, extremely slow growing holly that makes a wonderful addition to the rock garden. Exceptional dark green, thumb-sized foliage on a 1-2' high and wide specimen. - 1-2' Tall and Wide - #1 \$39.99 • #2 \$59.99

Ilex x 'Rutzan' Rutzan Hybrid Holly - Zone 5 - Full Sun-Part Shade - Garden Hybrid

An incredible female hybrid holly selection from the Rutgers University breeding program that has been a standout in our garden in recent years. The moderate growing plants develop a formal conical-pyramidal framework of deep green, glossy leaves. In autumn, colorful cherry-red fruit provide seasonal accent. Plants require little pruning to maintain good branch structure and should prove to be an outstanding hedging choice or evergreen accent. - 10' Tall, 5' Wide - #3 \$69.99 • #5 \$99.99 (July)

Illicium floridanum Florida Anise Tree - Zone 6 - Part Shade-Shade - Southeastern North America

The Florida anise tree is a fine medium sized evergreen shrub that is unjustly rare in the Northeast due to the notion that they are not cold hardy. Plants are native to regions in the southeastern US as well as adjacent regions in Mexico and are worth re-visiting for use in warmer portions of CT and other zone 6 locations. The low maintenance plants show strong deer resistance and form well-branched plants with a tight structure and upright-oval crown. Medium green evergreen leaves are leathery and are pleasantly fragrant when bruised with a scent comparable to the anise spice. Unique 1.5" rich red blossoms with many petals grace plants in spring adding a touch of fresh garden accent. For success in colder regions plants are best sited in the shadows of overstory evergreens in areas where exposure from wind and winter sun is limited. Best performance will be found with evenly moist soils and rich fertility. - 6-8' Tall and Wide

'**Pink Frost**' - - PP 21287 - A very showy *Illicium* showing off cool, gray-green leaves edged with cream tones. In cool weather the greenery will often pick up overtones and tinges of pink. Starry, burgundy-red flowers tumble below the canopy in early spring adding unique accent. A selection that has demonstrated good performance in our growing trials of this underutilized and tremendously garden worthy group of plants. - 5-6' Tall and Wide - #7 \$129.99

Illicium parviflorum Hardy Anise Shrub - Zone 6b - Part Shade-Shade - Southeastern North America

An evergreen shrub native to Florida and other parts of the southeastern United States. Star-like, pale yellowish-green flowers mature into anise shaped seed pods that are attractive but are not edible. The broad leaves emit a wonderful, slightly spicy fragrance when bruised which makes them unpalatable to deer and rabbits. Plants prefer even moisture and shaded exposure, especially beneath the canopy of larger overstory evergreens. - 8' Tall and Wide

'**Florida Sunshine**' - Brilliant yellow leaves on sizzling red blushed stems bring the warmth of the south into even the snowiest gardens of southern New England. Plants appear to be a touch slower growing than the species, yet the foliage remains vibrant throughout the gardening year. An excellent option for a site beneath evergreen shade or against the north side of the house where the bright lights of golden foliage command attention, yet the shelter from exposure and winter sun can be provided. - 5-6' Tall and Wide - #3 \$69.99 • #5 \$99.99 (July)

Kalmia angustifolia Sheep Laurel - Zone 1 - Full Sun-Part Shade - Eastern North America

A super hardy evergreen shrub that forms a low-growing rounded form 1-3' high and wide. Plants occur naturally in bogs and swamps as well as in open woods and pastures. Foliage is blue-green in color and is complemented by purple-pink flowers in June-July. - 2-3' Tall and Wide

'**Hammonasset**' - Selected and introduced by Broken Arrow founder Richard Jaynes from a native stand in Madison, CT. Plants are consistently high quality and offer rich, blush-rose flowers. - 2-3' Tall and Wide - #1 \$34.99

Kalmia latifolia Mountain Laurel - Zone 5 - Full Sun-Part Shade - Eastern North America

This exceptional state flower of both Connecticut and Pennsylvania is frequently referred to as one of the most beautiful of all flowering plants. Native throughout eastern North America, they are commonly found growing along roadways and power lines or in shaded, acidic woodlands. Wild plants typically showcase an eye-catching display of pale pink flowers in late May and early June. Added interest is provided by their beautiful glossy dark green foliage. In the landscape, plants grow best in full sun or partial shade in moist, well-drained, acidic soil. - 6-8' Tall and Wide

(**Broken Arrow Little Leaf Pink Flower Strain**) - This seedling strain combines rich-pink budded flowers, half sized leaves, and a compact habit. The dense plants can be expected to mature approximately half the size of the straight species. Overall the flowers and plant qualities are reminiscent of the classic selections "Tinkerbelle" and "Tiddlywinks". - 5-7' Tall and Wide - **Assorted Specimens Individually Priced**

(**Broken Arrow Pink Flower Strain**) - Standard-sized plants that combine classic leaf shape with saturated pink floral buds. When open, the flowers remain pink but are often several shades lighter in tone. Overall qualities are like the classic selections 'Bridesmaid', 'Pink Charm' and 'Sharon Rose'. - 6-8' Tall and Wide -

Assorted Specimens Individually Priced

(**Wild Type**) - Seedling grown plants that closely resemble those found in wild populations. Flowers are a mix of pastel pink and white. - 6-10' Tall and Wide - **Assorted Specimens Individually Priced**

'**Big Boy**' - Big Boy is right! This fine mountain laurel is certainly impressive with its oversized deep green foliage that could easily be mistaken for a rhododendron or evergreen magnolia. In June, the leaves are set off by pale pink flowers that are reminiscent of the straight species. Plants are slower growing than many mountain laurel cultivars and will maintain a dense, upright habit into maturity. - 5-7' Tall and Wide - #2 \$49.99 • #3 \$79.99 (July)

'**Bridesmaid**' - Rich, deep pink flower buds open to display deep pink corollas with near white centers. Leaves are lustrous, dark green, broad, and heavily textured. The habit is somewhat spreading and semi-compact. - 6-10' Tall and Wide - #3 \$79.99 • #5 \$99.99 (July)

'**Carol**' - Bright, intense red buds contrast well with the near white, newly opened corollas. Open flowers darken to pink as they age. The low growers have broad, leaf spot resistant foliage. - 6-10' Tall and Wide -

#2 \$49.99 • #3 \$79.99 • #5 \$99.99 (July)

'**Carousel**' - Flowers are banded with an intricate pattern of bright, purplish-cinnamon on the inside of the corolla. Plants grow rapidly and will develop a fairly dense habit if pruned frequently. - 5-7' Tall and Wide -

#1 \$34.99 • #2 \$49.99 • #3 \$79.99 (July) • #5 \$99.99 (July) • **Assorted Specimens Individually Priced**

'**Elf**' - A slow growing little leaf laurel that develops into a small stature plant with considerable charm and grace. Flowers are similar to the wild type with light pink buds that open near white. The original cross was made in 1976 by caging six miniature laurels with a bumblebee. - 4-5' Tall and Wide -

#1 \$34.99 • #2 \$49.99 • #3 \$79.99 (July) • #5 \$99.99 (July) • **Assorted Specimens Individually Priced**

'**Firecracker**' - The result of five generations of breeding at Broken Arrow Nursery. Notable parentage includes the Kalmia selections 'Carol', 'Sharon Rose', and 'Sarah'. Plants offer brilliant, deep red flower buds that open near white and age to pale pink. The overall effect is a striking, bicolor display of red-budded and white open flowers. This floral effect, combined with the glossy, dark green foliage and excellent disease resistance make it a promising alternative to 'Olympic Fire' and other red-budded cultivars. - 5-7' Tall and Wide -

#1 \$34.99 • #2 \$49.99 • #3 \$79.99 (July) • #5 \$99.99 (July) • **Assorted Specimens Individually Priced**

'**Forever Red**' - An exciting new selection of mountain laurel that showcases intense red flower buds backed by deep green, glossy foliage. The flower buds develop approximately a week later than the straight species and never fully open. Since the buds never open the pollination/fertilization process doesn't progress normally and no stimulus is generated to trigger the flowers to senesce. As a result the flower buds persist and remain ornamentally attractive far longer than other standard forms. It is not uncommon for this breakthrough selection to display color into early July, far beyond the typical bloom period for the species. - 5-7' Tall and Wide -

#1 \$34.99 • #2 \$49.99 • #3 \$79.99 (July) • **Assorted Specimens Individually Priced**

'**Galaxy**' - A striking Broken Arrow Nursery introduction, best known for its large, star-shaped flowers boldly marked with rich cinnamon banding. Glossy dark green foliage and a naturally rounded habit make it one of the most requested selections we've introduced. - 5-7' Tall and Wide -

#3 \$79.99 • #5 \$99.99 (July) • **Assorted Specimens Individually Priced**

'**Goodshow**' - A pale pink flowered selection boasting rich green foliage and exceptional vigor. Plants are among

the fastest growing of the Kalmia selections we've seen making it an excellent choice for screening in part shade. - 6-10' Tall and Wide - #3 \$79.99 • #5 \$99.99 (July) • Assorted Specimens Individually Priced

'Keepsake' - A recent introduction that is the result of five generations of controlled crosses begun in 1966. Plants display striking raspberry-red flower buds that open to near-solid purplish burgundy flowers with a fine white edge. Flowers are backed by pest free, glossy, bluish-green leaves. - 5-7' Tall and Wide -

#1 \$34.99 • #2 \$49.99 • #3 \$79.99 (July) • #5 \$99.99 (July) • Assorted Specimens Individually Priced

'Little Linda' - A fine addition to the miniature (little leaf) laurel group. It is the first named mountain laurel to combine miniature habit with red-budded flowers. The buds open to display white corollas which age to pink. Foliage is reduced in size, dark glossy green and leaf spot resistant. Plants display a compact-rounded growth habit. - 4-5' Tall and Wide - #3 \$79.99 • #5 \$99.99 (July)

'Minuet' - A distinctive, vigorous miniature laurel with pink buds that open to bright cinnamon-maroon banded flowers. The small leaves are lustrous dark green and recurve from petiole to tip. Plants display excellent branch structure and a compact-rounded form. - 4-5' Tall and Wide -

#1 \$34.99 • #2 \$49.99 • #3 \$79.99 (July) • #5 \$99.99 (July) • Assorted Specimens Individually Priced

'Nathan Hale' - An attractive cultivar selected by the Nathan Hale Society of the Sons of the American Revolution to honor Connecticut's Revolutionary War hero, Nathan Hale. Plants have a symmetrical and compact habit and perform well in the garden. Their dense, dark green leaves are disease free and provide a fine backdrop for the red buds and white flowers. - 5-7' Tall and Wide - Assorted Specimens Individually Priced

'Peppermint' - The blush-pink flower buds open to display striking near-white flowers with a unique maroon-red pattern that resembles a peppermint candy. Winner of the Ames Award at the 1991 Boston Flower Show. - 5-7' Tall and Wide - #1 \$34.99 • #2 \$49.99 • #3 \$79.99 (July) • #5 \$99.99 (July) • Assorted Specimens Individually Priced

'Sarah' - An eye-catching selection with dark red buds that open vibrant pink-red. Our exceptional specimen plant always impresses visitors when in flower. The foliage is dark green and free from disease when grown in the open with some air circulation. Always in high demand! - 5-7' Tall and Wide -

#1 \$34.99 • #2 \$49.99 • #3 \$79.99 (July) • #5 \$99.99 (July) • Assorted Specimens Individually Priced

'Snowdrift' - A compact, dense cultivar with thick branching and dark green leaves. Plants develop a heavy display of clean-white blossoms in June. Always a customer favorite! - 5-7' Tall and Wide - #2 \$49.99 • #3 \$79.99 • #5 \$99.99 (July)

'Tinkerbelle' - A little leaf laurel with heavy textured flowers that are deep pink in bud and medium pink in flower. Foliage is dark green and resistant to leaf spot. Plants show good vigor and will mature somewhat broader than tall. - 4-5' Tall and Wide - #1 \$34.99 • #2 \$49.99 • #3 \$79.99 (July) • #5 \$99.99 (July) • Assorted Specimens Individually Priced

'Yankee Doodle' - This classic selection showcases vivid pinkish-red buds that open to display a near white corolla highlighted with a narrow burgundy-maroon band. The dark green foliage is leaf spot resistant and densely arranged on the semi-compact plants. Purplish-red new stems and orange-red dormant flower buds provide added seasonal interest. - 5-7' Tall and Wide - #2 \$49.99 • #3 \$79.99 • #5 \$99.99 (July)

Leucothoe fontanesiana Drooping Leucothoe - Zone 5 - Part Shade-Shade - Mid-Atlantic United States

An attractive, graceful, arching broadleaf evergreen shrub very closely related to *Leucothoe axillaris*. Foliage is lustrous dark green during the growing season and often takes on a bronze-purple cast during cooler weather. Plants grow best in moist, acid soils in a shaded site. - 3-4' Tall and Wide

'Compacta' - A smaller growing form with beautiful glossy foliage in spring. Leaves turn bright burgundy in winter. - 3-4' Tall and Wide - #1 \$29.99 • #2 \$39.99 • #3 \$59.99 (July)

'Silver Run' - An exceptional variegated form of drooping leucothoe with leaves that are a stunning mixture of white, pink and green. A great choice to brighten a shady corner. - 3-4' Tall and Wide - #1 \$29.99 • #2 \$39.99 • #3 \$59.99 (July)

Leucothoe x 'Sparkle' Sparkle Hybrid Leucothoe - Zone 5 - Part Shade-Shade - Garden Hybrid

A breathtaking selection offering top rate variegation. Each leaf is daringly edged with a bold white margin that catches the eye from afar. With cold temperatures, the leaves become tinged with pinkish-purple tones that add a valuable color accent at a wearisome time of year. The compact, mounded plants have graceful, arching branches and will be notably slower growing than their green leaf peers. Protection from wind and winter sun is key to success with this glitzy evergreen. - 2-3' Tall and Wide - #1 \$29.99 • #2 \$39.99 • #3 \$59.99 (July)

Lonicera crassifolia Cute Groundcover Honeysuckle - Zone 6 - Part Shade - Southern China

Time to forget everything you know about honeysuckle and take a look at this choice groundcover. Yes that's right, a creeping, prostrate *Lonicera* capable of forming a mat-like, ground hugging framework of wiry stems. Stems wear handsome deep green thumb-sized leaves and are complemented by diminutive creamy-yellow blossoms. With cold weather the leaves pick up gorgeous plum tones and remain evergreen through winter. Perfectly hardy in our region if grown in dappled shade with good drainage. Protection from high wind or help from a consistent layer of snow in the worst of winter helps the foliage come through unscathed. - Groundcover - #2 \$39.99 • #3 \$49.99 (July)

Mahonia bealei Leatherleaf Mahonia - Zone 6 - Part Shade-Shade - China

A coarse-textured, evergreen shrub developing into an irregular mound of thick, spiny-margined bluish-gray foliage. Individual leaves are up to 1' long giving a unique tropical appearance. In spring, plants are cloaked with large panicles of fragrant, golden yellow flowers which mature into crops of grape-sized, blue fruit. In our region, plants perform best in an acidic, shaded location that is protected from desiccating winter winds. - 5-8' Tall and Wide - #3 \$69.99 • #5 \$89.99 (July) • #7 \$109.99 (July)

Mahonia x media Hybrid Mahonia - Zone 6b - Part Shade-Shade - Garden Hybrid

A breathtaking interspecific hybrid that blends parentage from Mahonia lomariifolia and M. japonica to form an impressive year-round interest plant. Bold textured evergreen leaves yield a fine stage for early winter's cheery yellow flowers held in upright racemes. Crops of blue fruit add additional appeal, especially with the recognition that the plants are also resistant to deer browse. How does one use a mahonia? Try it at the back of a mixed border or as an accent element in the woodland garden. As with many broadleaf evergreens, protection from the exposure of drying winds and sun during cold months is important for performance in our climate. - 8-12' Tall and Wide
'Arthur Menzies' - A hybrid selection of mahonia that was discovered as a chance seedling in 1961 in Seattle's Washington Park Arboretum. The decidedly upright plants offer interesting evergreen accent with bold textured, 10-15" spine-tipped, evergreen leaves on display throughout the gardening year. In late winter, airy inflorescences of yellow, bell-shaped blossoms appear at the tops of stems. Individual blossoms are small though each cluster can measure as much as 10" x 10" in size. Plants are marginally hardy at best in CT and are only worth trying for those with sheltered locations in the warmest regions. Protection from excess wind and sun during winter will be critical for success. Alternately, plants can be successfully cultivated as container specimens that are ferried in and out of the basement, sunroom or the like during winter. - 8-12' Tall and Wide - #5 \$89.99 • #7 \$109.99

'Winter Sun' - A beautiful cultivar that is a considerably more delicate textured option than many hardy mahonias. Glossy leaves overlap like a column of finely layered lace, topped with generous bunches of cheery yellow flowers. What a fine way to add flare to the garden during the dull winter months. - 6-10' Tall and Wide - #5 \$89.99 • #7 \$109.99

Osmanthus heterophyllus Holly Osmanthus - Zone 6 - Part Shade - Japan, Taiwan

A dense, oval, evergreen shrub developing a medium stature 10-15' in height. The deep green leaves are attractive year round and resemble a holly (Ilex sp.) at first glance. In our region best growth occurs in a fertile, well-drained soil that is protected from exposure and direct sun. - 10-15' Tall and Wide

'Goshiki' - The foliage of this holly osmanthus is brilliantly blotched and streaked with golden-yellow variegation. Plants are slow growing and make unique specimen shrubs or hedging plants. Best when sited in a location that is protected from desiccating winter winds. - 6-10' Tall and Wide - #2 \$49.99 (July) • #3 \$69.99 • #5 \$99.99 (July)

'Kaori Hime' - Osmanthus 'Kaori Hime' is the smallest of the holly osmanthus that we've seen. Each nickel-sized, rich green leaf is strongly margined with serrations held along jam-packed stems. Profuse white blossoms add a strong contrast and equally impressive fragrance in autumn. Very cool! - 3-4' Tall and Wide - #2 \$49.99 (July) • #3 \$69.99 • #5 \$99.99 (July)

'Ogon' - A rare selection of holly osmanthus sporting flashy golden-yellow foliage. The slow growing plants develop a broad-spreading habit reaching 5' high and 7' wide over many years. Plants perform best in bright shade that provides protection from winter's desiccating winds and scalding sun. - 5' Tall, 7' Wide - #2 \$49.99 • #3 \$69.99 (July)

'Sasaba' - A standout holly osmanthus well-armed with deep-green leaves edged with stout, spinose margins. Yes, plants are not great for touchy-feely qualities and thankfully this means they're unappealing to deer as well! We find the textural qualities of these dense evergreens add unique drama and contrast to surrounding plants. Additionally, fall's opening of abundant super tiny yet remarkably fragrant blossoms is always a treat! - 10-15' Tall - #2 \$49.99 • #3 \$69.99 (July)

'Shien' - An exceptional breakthrough in this underutilized group that welcomes spring with a vibrant flush of pink, cream and chartreuse new growth. The captivation evolves toward deep green as spring progresses yet the peak color moments are nothing short of magic. - 4-5' Tall and Wide - #3 \$69.99 • #5 \$99.99 (July)

Pieris floribunda Mountain Pieris - Zone 4 - Full Sun-Part Shade - Southeastern North America

A handsome, low-growing, rounded evergreen shrub native to the southeastern United States. In April, it produces upright terminal clusters of fragrant, bell-shaped white flowers that brighten the spring garden. Best suited to humus-rich, well-drained soils. Rarely offered in commerce, yet certainly deserving of wider use. - 4-6' Tall and Wide - #2 \$49.99 • #3 \$79.99 (July)

Pieris japonica Japanese Pieris - Zone 5 - Full Sun-Part Shade - Eastern China, Japan, Taiwan

A highly variable broadleaf evergreen shrub closely related to our native Pieris floribunda. In March and April plants drip with elegant, drooping panicles of bell-shaped flowers that range in color from snow-white to dark rose-red. Plants perform admirably in moist, acidic, well-drained locations and benefit from some high canopy shade. Additionally, all show excellent resistance to deer browse! - 6-10' Tall and Wide

'Bert Chandler' - By far the most colorful and among the rarest of the selections of Japanese pieris that we grow. In the garden, plants demand constant attention as the foliage is in constant flux, transitioning from salmon-pink to creamy-white and pale green throughout the growing season. Pendulous clusters of white, lily-of-the-valley-like flowers provide added prominence in early spring. Plants are slower growing than the straight species yet still add a respectable 3-4" of growth annually along dense branching. - 4-6' Tall and Wide - #2 \$49.99 • #3 \$79.99 • #5 \$99.99 (July)

'Bonsai' - A minute selection of Japanese pieris boasting half-sized leaves that are a step apart from the familiar form of the straight species. Plants are quite a bit slower growing than average reaching only 2' tall when mature. Excellent in tight garden spaces such as a shaded rockery or border edge. - 2' Tall and Wide - #2 \$49.99 • #3 \$79.99 (July)

'Cavatine' - A dense, slow-growing selection with dark green foliage and small white flower clusters. Exhibits exceptional hardiness. - 4-6' Tall and Wide - #2 \$49.99 • #3 \$79.99 (July)

'Dorothy Wycoff' - A classic form offering striking dark maroon flower buds that open to whitish-pink flowers against dark green leaves. Plants are top performers for the group and we can't keep them in stock when they flower! - 6-10' Tall and Wide - #2 \$49.99 • #3 \$79.99 • #5 \$99.99 (July)

'Katsura' - A long anticipated Japanese pieris that develops a wonderful show of blush-pink flowers in April. Soon after this display is complete the interest continues with a startling display of new growth that emerges in deep burgundy to wine-red tones. This coloration lingers for an extended time before turning rich, lacquered green by mid to late summer. 'Katsura' is by far the best cultivar we've seen for dark emerging foliage coloration and should rank way up there on most people's "to get" lists. - 6-10' Tall and Wide - #2 \$49.99 • #3 \$79.99 • #5 \$99.99 (July)

'Ralto' - - PP 19331 - A flamboyant pieris that has the potential to become an all-star. The mounded plants showcase crisp, white-edged foliage that remains colorful and stable throughout the year. In early spring, the display intensifies with bright red flowers creating a fine contrast with the foliar backdrop. - 4-6' Tall and Wide - #2 \$49.99 • #3 \$79.99 • #5 \$99.99 (July)

x **'Brouwer's Beauty'** - A hybrid between *Pieris japonica* and *P. floribunda* but listed here for ease of classification. Develops abundant, slightly drooping white flowers set off by glossy, dark green foliage. - 6-10' Tall and Wide - #2 \$49.99 • #3 \$79.99 • #5 \$99.99 (July)

Polygala chamaebuxus Chapparral Pea - Zone 6 - Part Shade-Shade - Central and Western Europe
This adorable, diminutive alpine shrub features tiny evergreen leaves and pea-like cream-to-yellow flowers spread over a low, dense mat in early spring. Performance will be best in cool and moist locations with well-drained soil in high, dappled shade, though the species will tolerate full sun as long as there's ample moisture available. Ideal as living mulch, for rock gardens, and for making your gardening friends ask "what's that?". - 1' Tall, 2' Wide

'Kamniski' - A diminutive, extremely uncommon evergreen shrub that develops a low-spreading habit with stems cloaked with narrow deep green leaves that bear close resemblance to boxwood. In spring, abundant, pea-like blossoms add contrast and interest. Flowers are bicolored, combining saturated purple upper petals with bright yellow lower petals. Plants perform best when grown in the dappled shade provided by a high canopy. Fertile, well-drained soil with acidic properties is important for success. - 1' Tall, 2' Wide - #1 \$29.99 • #2 \$39.99 (July)

NEW Rhododendron degronianum ssp. heptamerum Omine Rhododendron - Zone 5 - Part Shade-Shade - Japan
Often known as *Rhododendron metternichii*, this refined species, now properly classified as *Rhododendron degronianum* subsp. *heptamerum*, brings quiet elegance to the spring garden. In early April, soft pink blooms emerge above narrow, dark, glossy green leaves, each backed with a rich velvety indumentum that rewards closer inspection. The cold hardy plants form a compact, broad shrub that thrives in partial shade. - 3-4' Tall and Wide - Assorted Specimens Individually Priced

Rhododendron macrosepalum Macrosepalum Evergreen Azalea - Zone 5 - Part Shade-Shade - Japan
A compact evergreen azalea offering up flowers that range from near white to saturated magenta-pink. Plants are native to wild regions in Honshu and Shikoku, Japan. The straight species is uncommon in cultivation though several noteworthy and fun selections make the rounds. Plants display the classic cultural needs of many members of the genus showing best performance in acid soils with protection from excessive winds. - 4-6' Tall and Wide

'Koromo Shikibu' - A very unusual azalea with bright lavender blooms composed of delicate, elongated, narrow petals. Pale green, decidedly narrow foliage is covered with fuzzy-wuzzyness creating a fun contrast with the May floral display. - 3' Tall, 5' Wide - #2 \$49.99 • #3 \$69.99 (July)

'Linearifolium' - A noteworthy, stop-in-your-tracks kind of azalea most noted for its unusual leaf texture and floral composition. The elongated, lacy leaves are fuzzy and tapering, adding a decidedly fine textural quality to the garden. In spring, an abundance of rich-pink to red blossoms add flair, each divided into narrow strappy petals. Winter colors often take on a pleasing bronze cast. - 4-6' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Bixby' Bixby Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
An evergreen azalea with dark green rounded foliage that turns rich mahogany-red in fall and winter. Develops a dramatic display of dark red flowers in May. Excellent compact, mounding habit. - 2' Tall, 3' Wide - #2 \$49.99 • #3 \$69.99 (July)

NEW Rhododendron x 'Black Widow' Black Widow Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
A compact shrub with a creeping gothic allure, this slow-growing dwarf boasts intensely dark, reddish-black flowers with frilled edges and blood-red throats. Heavy, substantial green leaves maintain a watchful garden presence long after the flowers have retired for the season. - 3-4' Tall and Wide - **Assorted Specimens Individually Priced**

Rhododendron x 'Blue Baron' Blue Baron Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
Small, lustrous green leaves provide a wonderful complement to the striking, near-blue flowers in May. Foliage takes on handsome bronze overtones during cool months. Benefits from some wind and sun protection in winter. - 3' Tall, 4' Wide - #3 \$69.99 • #5 \$89.99 (July)

Rhododendron x 'Calsap' Calsap Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
An especially attractive cultivar that has always held a prominent spot on our list of favorites. The well formed trusses sport showy white flowers each highlighted with a wine-purple flare. Plants are vigorous and tend to be somewhat upright when mature. - 6' Tall, 4' Wide - #2 \$49.99 • #3 \$69.99

Rhododendron x 'Capistrano' Capistrano Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
A floriferous hybrid showcasing ample pale yellow flowers set off by deep green foliage. Plants have a round-spreading habit and are excellent for use on the foundation or in the shaded border. - 5' Tall, 6' Wide - #2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Chionoides' Chionoides Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
A R. ponticum hybrid noted for its excellent, broad, dense habit. Clean, narrow, dark green leaves provide the perfect backdrop for trusses of bright white flowers with yellow centers in late May. - 5' Tall, 6' Wide - #2 \$49.99 • #3 \$69.99 • #7 \$109.99

Rhododendron x 'Cindy Lou' Cindy Lou Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
A charming rhododendron introduced in McCue gardens for its white to pink bicolor flowers making this diminutive beauty the perfect showpiece for even the smallest nooks and crannies. - 3' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

NEW Rhododendron x 'Daphnoides' Daphnoides Rhododendron - Zone 5b - Part Shade-Shade - Garden Hybrid
A stately, historic cultivar that traces its lineage all the way back to the 1860s. Lavender-purple flowers are paired with a sunny yellow blotch that accentuates the uniquely shaped, glossy, bubbled leaves. The plants are understated and unpretentious, yet oh-so-sophisticated! - 5-6' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Dark Lord' Dark Lord Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
A new dark, burgundy-red hybrid that has arrived at our doorstep with the high recommendation from several noted nurserymen. The initial plant was raised by the famed Weston Nursery where it obtained a height of 8' and spread of 12' after many years. Each blossom is ruffled and held in a full truss against deep green, semi-gloss foliage. - 8' Tall, 12' Wide - #2 \$49.99 • #3 \$69.99 (July)

NEW Rhododendron x 'Ebony Pearl' Ebony Pearl Rhododendron - Zone 7 - Part Shade-Shade - Garden Hybrid
An absolutely drool-worthy member of a sometimes overused group of plants. 'Ebony Pearl' stands confidently apart with purplish-pink flowers that crown mid-spring's lustrous, deep purple foliage. As flowers fade fresh growth emerges nearly scarlet-red on equally vivid, elongating stems. While some shade and wind protection is essential for best performance, this is not a plant that fades into the background! - 4-5' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Fastuosum Flore Pleno' Fastuosum Flore Pleno Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
As the name suggests, the lavender-purple, semi-double blossoms are the prime draw for this rhody. Blossoms carry a blotch comprised of yellowish-brown freckles and emerge in large, relaxed trusses in mid-spring. The effect is unique and somewhat curiously resembles a richly colored daffodil. - 8' Tall and Wide - **Assorted Specimens Individually Priced**

NEW Rhododendron x 'Girard's Variegated Gem' Girard's Variegated Gem Rhododendron - Zone 6 - Full Sun-Part Shade - Garden Hybrid
A true jewel for every season that showcases slender bluish-green leaves with streaky white margins, overlaid with trusses of flowers in glowing shades from pale pink to crimson. Though often thought to be synonymous with its

better-known sister 'Silver Sword', 'Girard's Variegated Gem' is a distinct individual, a chance sport that arose on a plant of 'Girard's Border Gem'. Slow-growing and compact, it is certain to be the crowning jewel of any landscape! - 2-3' Tall and Wide - #3 \$69.99 • #5 \$89.99 (July)

Rhododendron x 'Gold Flimmer' Gold Flimmer Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
We've been excited about variegated rhododendrons for a number of years now as they offer great appeal in the garden beyond the often all too short bloom period. 'Gold Flimmer' is among the first variegated clones that we acquired and it stands among the best. The strong growing plants boast subtle streaks of gold flash down the center of otherwise deep green leaves. The foliar impact is highlighted in spring by welcome quantities of familiar classic lavender-purple flowers. - 5' Tall and Wide -
#2 \$49.99 • #3 \$69.99 (July) • #6 \$99.99 • #7 \$109.99 (July) • Assorted Specimens Individually Priced

Rhododendron x 'Lorna' Lorna Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
A double, hose-in-hose azalea with deep purple-pink, funnel-shaped flowers. The evergreen leaves are approximately 2" long with an attractive light green coloration. Plants are compact growers, forming a tidy mounded habit. - 3-4' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Martha Hitchcock' Martha Hitchcock Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
An adorably dainty spring charmer, this low-mounded plant unveils rich pink, white-throated flowers with frilled edges that appear as though they've been dipped in grape Kool-Aid. Each oversized blossom is impressively large, measuring up to 3 inches in diameter. - 3-4' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Mary Flemming' Mary Flemming Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
Difficult to describe, yet truly superb. The blooms are a unique blend of pale creamy orange with softly wavy petals, touched throughout with a subtle infusion of pink. Broad-spreading plants carry thumb-sized leaves brushed with a warm bronze overtone. In a sea of rhododendrons, this one confidently stands apart. - 3-5' Tall and Wide -
#2 \$49.99 • #3 \$69.99 (July)

NEW Rhododendron x 'Mrs. Betty Robertson' Mrs. Betty Robertson Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
Proving that age is but a number, this classic grande dame, first introduced in the 1920s, has stood the test of time. Lush trusses of flowers display complex shades of peach, yellow, and cream, each bloom finished with a generous scattering of deep pinkish-red freckles that trail into the throat. Delectable and stylish, it shines in a wide range of settings, from foundation plantings and borders to shade gardens and beyond. - 5-6' Tall and Wide -
#2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Nova Zembla' Nova Zembla Rhododendron - Zone 4 - Part Shade-Shade - Garden Hybrid
A vigorous, upright-rounded selection that has become the standard "red" rhododendron for New England. Large trusses of striking red flowers appear in mid-May. Flowers are complemented by the large, dark green, wavy evergreen foliage. 6' high and wide. - 6-8' Tall and Wide - Assorted Specimens Individually Priced

NEW Rhododendron x 'Olin O Dobbs' Olin O Dobbs Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid
Deep, rich burgundy flowers centered with a nearly black blotch top clusters of long, matte green leaves. Plants begin blooming from a young age and carry as many as 15 flowers in each sizeable truss. An exceptional and uncommon prize for any rhododendron lover! - 5-7' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Polarnacht' Polarnacht Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
A low, compact spreading rhody reaching 4' tall and 5-6' in width. Each year as Mother's Day approaches plants erupt with a brilliant display of heavily frilled dark purple blossoms. Highly valuable for flower color and a welcome option for garden spaces where height is limiting. - 4' Tall, 5-6' Wide -
#2 \$49.99 • #3 \$69.99 (July) • #6 \$99.99 • #7 \$109.99 (July)

NEW Rhododendron x 'President Roosevelt' President Roosevelt Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
Pinkish-white blooms, heavily edged in shades of deep rose to carmine, appear in dense clusters above the foliage in mid-spring. As the blossoms fade, the foliage takes up the spotlight, contributing drama with bold streaks of gold and pale green splashed along the midrib. Together, the effect is a dazzling riot of color that captures attention throughout the entire gardening year. - 5-7' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Prince Camille de Rohan' Prince Camille de Rohan Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid

A prized mid-season rhododendron that catches the eye with highly ruffled, whitish-pink flowers each heavily splattered inside with dark pink spots! As blooms age, they gradually fade to a pale pink towards the bottom of the flower. Each sizeable flower measures as much as 2.5" in diameter with as many as 20 held in each rounded truss. - 5-7' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July) • #6 \$99.99 • #7 \$109.99 (July)

NEW Rhododendron x 'Rimini' Rimini Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid

Slightly nodding, bell-shaped blooms in warm orange-yellow with softly peach-edged waves spill playfully above dark, forest-green foliage. The lively color combination brings an easy sense of cheer to the garden. Reaching just 3-4' tall and wide, it's an ideal size for tucking into borders, foundation plantings, or mixed beds. - 3-4' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

NEW Rhododendron x 'Sappho' Sappho Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid

In mid-spring, enormous clusters of white flowers, each marked with a striking deep purple blotch on the upper petal, make a bold statement. Classic medium-green leaves persist year-round, offering extended garden interest. An excellent choice for anyone seeking a fast-growing evergreen to provide screening or a focal point in shaded locations. - 6-8' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Silver Edge' Silver Edge Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid

An absolutely amazing evergreen rhododendron that showcases narrow leaves edged with bold white margins. Pronounced trusses of saturated purple blossoms contrast brilliantly in spring. Plants are worth growing for foliage impact alone though the flowers add a next level dose of allure. - 5' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July) • #6 \$99.99 • #7 \$109.99 (July)

Rhododendron x 'Solidarity' Solidarity Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid

An exceptional selection made by the late Hank Schannen of Rare Find Nursery. Plants display large frilly flowers that emerge dark pink and age to white. Large, evergreen leaves are deep green and heavily textured on a compact, spreading plant. One of our favorites! - 4' Tall, 5-6' Wide - #2 \$49.99 • #3 \$69.99 (July) • #7 \$109.99

Rhododendron x 'Stewartstowniana' Stewartstownian Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid

A classic evergreen azalea developed and introduced by the late Joseph Gable of Stewartstown, PA. Plants form a dense, spreading framework reaching 4' high and 6' wide with age. In late April and early May plants show off masses of bright reddish-orange flowers which cover the specimens from head to toe. The small, thumb-sized leaves are glossy deep green during the growing season and pick up rich purple hues during cold weather. - 4' Tall, 5-6' Wide - #3 \$69.99 • #5 \$89.99 (July)

NEW Rhododendron x 'Superflimmer' Superflimmer Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid

A next level variegated rhododendron boasting lavish, bold splashes of stable, gold splattering from the middle of the leaf outwards to the irregular green margins. The vibrancy of the color is so dramatic that we'd grow it for foliage impact alone! Discovered as an impressive sport of the classic selection 'Gold Flimmer' which means that spring will bring in a classic display of lavender-purple floral trusses as well. - 5' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July) • #6 \$99.99 • #7 \$109.99 (July)

Rhododendron x 'Susan Oliver' Susan Oliver Rhododendron - Zone 5 - Part Shade-Shade - Garden Hybrid

A compact small leaf rhody derived from Rhododendron nakaharae and known for forming a spreading, nearly prostrate framework. The uniquely versatile plants show high gloss leaves and bloom in late spring with large, very pretty, semi-double, pale-pink flowers. Plants are fun to integrate into the garden with creativity in ways that few consider for this genus. - 1' Tall, 3' Wide - #2 \$49.99 • #3 \$69.99 (July)

Rhododendron x 'Teddy Bear' Teddy Bear Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid

How incredible is this plant! Rich, green, high gloss leaves backed with ample cinnamon-bronze fuzzy wuzziness provide year round excitement and the perfect backdrop for spring's pastel pink truss display. - 4' Tall, 5-6' Wide - #2 \$49.99 • #3 \$69.99 (July)

NEW Rhododendron x 'Vulcan' Vulcan Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid

In late May, the plant erupts in fiery swathes of brilliant, rich, ruby-red flowers that blanket it from top to bottom. Easily one of the most jaw-dropping specimens in the landscape when in full bloom, it never fails to draw excited questions about availability. - 5-7' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)

NEW Rhododendron x 'Wine and Roses' Wine and Roses Rhododendron - Zone 6 - Part Shade-Shade - Garden Hybrid
A welcome immigrant from Scotland that is crowned with saturated pink flowers, among the earliest to bloom in spring. Though the flowers are amazing the real spectacle comes from the new growth that emerges upright to reveal undersides stained a vibrant, intoxicating merlot! The leaves remain vertically oriented throughout the season, providing a striking splash of color long after the flowers have faded. - 4-5' Tall and Wide -
#2 \$49.99 • #3 \$69.99 (July)

Rhododendron yakushimanum Yaku Rhododendron - Zone 5 - Part Shade-Shade - Japan
A dense, mounded evergreen rhododendron used frequently as a breeding parent. As a result numerous exceptional hybrids have been made using its highly desirable genetic traits. - 5-6' Tall and Wide
'**Gold Prinz**' - A fine rhododendron offering up high gloss rich green leaves that set off attractive rich yellow blooms. Each blossom is highlighted with a russet speckled flare. - 5-6' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)
'**Ken Janeck**' - A great selection honored with the American Rhododendron Society's Award of Excellence. Offers rich pink flower buds that open to large, pink-flushed flowers that slowly fade to white. The dark green leaves are coated with heavy indumentum and emerge silver-gray in spring. - 3-5' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July)
'**Percy Wiseman**' - A fine selection showcasing creamy-white, funnel-shaped flowers each flushed with pastel, peachy-pink overtones. Flowers are held in rounded trusses that stand out well from the leathery, green foliage. - 3-5' Tall and Wide - #2 \$49.99 • #3 \$69.99 (July) • #7 \$109.99

Rhododendron yedoense var. poukhanense Korean Azalea - Zone 5 - Part Shade-Shade - Korea
A dense, rounded shrub reaching 6' tall at maturity. Medium green leaves are narrow-oval in shape and are excellent in contrast with the pale lilac blossoms. Individual flowers are broad and pleasantly fragrant, occurring in clusters of 2-4 with peak bloom in early to mid spring. - 5-6' Tall and Wide
'**Compacta**' - As you might guess, 'Compacta' is a smaller version of this remarkable species. Plants offer the same floral qualities but in a smaller package. - 3' Tall, 4' Wide - #2 \$49.99 • #3 \$69.99 (July)

Skimmia japonica Japanese Skimmia - Zone 6 - Part Shade-Shade - China, Japan
A versatile, low-growing evergreen sub-shrub best utilized in the shade garden. Shimmering, dark green oblong leaves cloak the dense spreading plants. Females produce crops of bright, cherry-red berries held in tight clusters above the foliage. Not to be outdone males provide excitement with a quality display of floral buds that develop in fall and remain colorful throughout winter ahead of spring's bloom time. A versatile plant and certainly one of the finer evergreen groundcovers available. - 2' Tall, 3' Wide - #1 \$29.99 • #2 \$39.99

X Mahoberberis meithkeana Hybrid Mahoberberis - Zone 6 - Part Shade - Garden Hybrid
Sometimes bizarre, sometimes intriguing, but never boring, this Mahonia-Berberis hybrid is sure to stand out in the crowd. Plants feature leaves that range from the extremely spiky, holly-like leaves often associated with the genus Mahonia to glossy, thick, barely toothed leaves and back again, often on the same branch! Tall racemes of yellow flowers festoon the branch tips in spring, and though plants are evergreen, leaves will turn a vibrant reddish-maroon over the colder winter months. Plants appear to have reasonable deer tolerance, an added value for most gardens in our region. In the garden, plants prefer part-shade situations and benefit from protection from drying winter winds. - 4-5' Tall and Wide - #2 \$39.99 • #3 \$59.99 (July) • Assorted Specimens Individually Priced
